DANGER! — Lemon Grove Fire Department fire marshal Ray Carmody (left) and fire inspector John Ott (center) observe a dry Christmas tree Spring Valley Fire Department fire marshal Stan Mourning (right) has just set ablaze. It took only five seconds for the flames to spread throughout the tree, illustrating the high flammability of dried out Christmas trees.

Area Fire Depts. Merge Forces To Combat Increased Fire Threat

The Spring Valley and Lemon Grove fire departments have joined forces to combat the increased fire dangers during the holiday season.

Lemon Grove Fire Department fire marshall Ray Carmody and fire inspector John Ott and Spring Valley fire marshall Stan Mourning announced this week the two departments will have areas set aside for the disposal of Christmas trees by local residents, beginning Dec. 26. This is part of the continuing fire prevention programs carried on by the departments.

The Lemon Grove deposit area will be at the southwest corner of Broadway and Washington. Spring Valley residents may dispose of their Christmas trees in an area, to be designated by a sign, in the vacant lot between Winchell's Donuts and the Chevron Station in the 9700 block of Campo Rd. Both departments will burn the trees at 8 p.m. Dec. 31.

Danger Told

The departments implemented the setting aside of disposal areas "because of the danger of fire starting in the home due to Christmas trees", according to Mourning.

"Fresh Christmas trees of all commonly used species present no significant hazard of fire. It is the trees that dry out that are, without quesion, the most flammable article to be found in the home. Once ignited, the speed and intensity of burning are hard to believe unless you have seen it, and of course the life hazard is extreme", said Mourning.

He urges residents to decrease the chances of fire by doing the following things: 1. Place the tree in a location preferably away from exits, fireplaces or other possible sources of ignition. 2. Cut the base of the tree at a 45 degree angle and place in earth or sand and keep moist. This will insure the tree staying greener and fresher longer, reducing the hazard. 3. Use flame proofing materials, but only those approved by the State Fire Marshall's office. For a list of these qualified materials call your fire department.

Tips Given

Carmody urged residents to use only such Christmas decoration lights as approved by Underwriters Laboratory (UL). "Be sure to check the light cords that they are not frayed and the insulation not broken. Many fire start from defective wiring", Carmody added.

"And do not put lights on aluminum or metal trees because the insulation may fray because of sharp edges on the tree that would cut the protective covering, thus creating a short and possible electrocution. These trees should only have bulbs on them", stated Ott.

Steve Veliquette Day Nets $980 for Medical Assistance

Steve Veliquette Day, washed out by the rain last week, was held Sunday in the sunshine.

The extension proved profitable because more than $225 came in during the week.

The fund stood at $980.50 at press time.

Previously, $754 had been logged to help Steve combat dreal leukemia. Steve is the six-year old son of Mr. and Mrs. Jean Veliquette, of 2895 Orange, Lemon Grove. Steve's father, a clerk at the L.G. Post Office, holds down a job in a filling station to help keep the family financially stable.

Steve contracted leukemia about four years ago and his doctor has been keeping him active — miraculously — since then.

The money produced by the Steve Veliquette Day event is put into a fund where it will be at his doctor's call.

The L.G. Kiwanis Club, sponsors of the event, assigned the Rev. Jimmy Johnson as committee chairman to oversee the gathering and disbursement of the funds.

The project was built around a golf contest and a door prize drawing at Len's Miniature Golf course.

Key Club members distributed free tickets, handled the golf and drawing matches, and contributed $50 of their own funds.

Local merchants contributed prizes for the contests.

Contributors which swelled last week's $754 total included the following, according Bob Dryden, manager of U.S. National Bank, keeper of the funds, were these:

Alta Casteel	$10
Anonymous	5.50
L. G. Kiwaniannes	25
Anonymous	10
Anonymous	5
Ray Baum	20
Sam Pericano	10
R. McClatchey	5
More from Golf Course	51
Carl Lee	5
H R A Vogt	10
Wm. Zilker	10
L.G. Lions Club	50
This Week	$226.50

In a letter to this newspaper, the Rev. Jimmy Johnson said this week:

Dear Editor:

Grateful appreciation is expresed to all who participated in the Stevie Veliquette Day. Many have given of their time, money, and resources to make this project successful. My special thanks to the following for awarding prizes at the Golf Course:

Pernicanos Pizza, Tri-City T.V., Village Golf Shop, Red's Western Auto, Brumley's Shoes, Lemon Grove Drug, Lemon Grove Hardware, Walter's Jewelry, Beebe's Douglas Station, Lemon Grove Florist, Crest Pools and Supplies, Broadway Hobby, and Grove Office Supply.

Besides these fine people, there are two others who are deserving of our praise. Len Farness, Brumley Shoes, and Max Goodwin, Lemon Grove Review, envisioned and made possible this venture. Both of these men contributed many hours of their time for this project.

Let me also thank Pat Hogan and the R.C. Cola Company for free drinks, the distributor of the coin-operated machines for their profit, and Bob Dryden, Jimmy Johnson and operating the Golf Course.

The Veliquette Family wishes to express their heartfelt appreciation to everyone who made this "DAY" what it was. "Words cannot express our feelings; we do not know how to say what our hearts contain. Thanks to everyone!"

Contributions still may be made through Bob Dryden.

TO PERFORM SATURDAY — Michele De Marco, 11, of 1803 Brookline St., San Diego, will be among the featured performers in Saturday night's San Diego Civic Youth Ballet presentation of "Magic Flute" and divertissments in the Civic Theatre. The program, which is free to the public, will begin at 8:30 p.m.

Color TV Waiting For Number 1277

The Los Toros Football League has a problem.

It has a color television set and no one has claimed it.

It conducted a contest earlier this month and a person identified only by nufber 1277 won it.

But 1277 didn't give his name nor address.

If 1277 reads this and gets in touch with Dave Wells at 8024 Longdale, Lemon Grove, he may have his prize.

However, the deadline, says Wells, is Sunday at noon. At that time another winner will be announced.

Hazard on Two Wheels

Motorbike popularity in California is burgeoning.

In fact, motorbikes have become popular so fast that lawmakers haven't been able to provide adequate protection for citizens through fair and proper regulations.

Non-motorbike populace is not the problem. It's that motorbike drivers are killing themselves 32 per cent more often this year than they did last.

When motorbike drivers get involved they do it with a determination, because non-fatal accidents increased only 24 per cent during the same period.

What can be done to stem this growing problem?

Both police and motorbike sale-and-service dealers are in agreement that education is one of the key controls.

Before we get to education and controls, let's look at the rider who scoots through every community on his low-priced, high-performance, fuel-saving bike.

He may be a family man, or woman, riding a bike for sport. He gets a kick out of his vehicle's flexibility — particularly on the fast, tight turns.

It's turns that kill him. A little sand or other substance causes his wheel to skid and puts him down.

Skidding accidents are not analogous to the family rider. The college student, the military man, both with low incomes, choose the motorbike with economy in mind. Skidding comes just as quickly to them—and more frequently, because of opportunity. The latter groups use the vehicle to commute. They put on more miles than the hobbyist. They have more accident opportunities.

Education will certainly cut down accident incidence. Chuck Williams, operator of Lucky Yamaha in Lemon Grove, said motorbike purchasers are not always willing to admit lack of motorbike experience. To ease this situation he plans to show a motorbike safety film to regular classes starting in January. He urges all enthusiasts to attend.

"If we can convince them to wear helmets and sturdy footcovering, we can reduce the injury rate," he said.

The California Highway Patrol admitted motorbike safety is getting a larger share of the time available to teaching highway safety.

One officer, recently citing a motorbike driver who ran a red light and crashed into an auto, asked the motorbike driver, "how long have you been operating a motorbike?"

"About an hour," was the amazing reply.

Perhaps the key to the problem is in the answer.

Motorcyclists are not even required to have a valid auto driver's license. They may take a written test, then flip by the inspector a couple of times without falling off, and they're legally ready for the freeway.

If they possess auto drivers' license, they are in business.

Read Jeremiah 23:1-8;
John 4:19-26

Behold the days come, saith the Lord, that I will raise unto David a righteous Branch, and a King shall reign and prosper, and shall execute judgment and justice in the earth. (Jeremiah 23-5)

The woman of Samaria, while conversing with Jesus said, "I know that Messiah is coming." This incident occurred more than six hundred years after Jeremiah's prophecy. Yet the prophet's record of what he had been told by God had survived through all those years. Equally important is the fact that this Samaritan woman believed in the Messiah's coming.

Another prophecy, probably also known to the Samaritans, is found in the seventh chapter of Isaiah. It is told here that "a virgin shall conveive, and bear a son, and shall call his name Immanuel"—God be with us. This indeed came to pass as He lived on earth in the human form of Jesus.

These words of the prophets were a source of great hope for the Hebrews, who lived in turmoil and exile. Now as then, Christ is truly the symbol of hope and trust.

Prayer: We praise Thee, our Father, for Thy wisdom in knowing that all men could be drawn to Thee only by Thy assuming human form in Jesus Christ. We thank Thee for appearing on this earth with Thy message of redemption. In Jesus name. Amen.

Thought for the day: Christ fulfills for me all that the prophets proclaimed.

New Anti-TB Program Inaugurated

A new word, "caseholding," has been coined to describe a new anti-tuberculosis program supported by Christmas Seal contributions and announced yesterday by Dr. Robert Rosen, Lemon Grove-Spring Valley area chairman of the Tuberculosis and Health Assn. of San Diego County.

Aimed at improving outpatient treatment of TB patients, the new program is a three-year demonstration study designed "to detect and reduce psycho-social barriers limiting the effectiveness of chemotherapy for tuberculosis victims. It will get underway in January at the San Francisco, St. Louis county (Missouri), and Baltimore (Md.,) health departments.

"Modern.. TB.. treatment is based upon medicines that rapidly render the patient noncommunicable, allows him to leave the hospital early and continue treatment at clinics. But success of the treatment depends upon the voluntary cooperation of the patient," Dr. Rosen said.

Statistics indicate 40 per cent of out-of-hospital TB patients are not receiving drug therapy, and the problem is increasing. The San Francisco study will investigate attitudes of both patients and clinic personnel in an effort to find out why.

Because patients lost to clinic care are likely to become ill again, and threaten others, many physicians now feel "caseholding" is as important to control of the disease as finding new cases. From the demonstration study will emerge a model clinic which can be developed into a teaching center, Dr. Rosen said.

"We are pleased that San Diego county residents are sharing in support of this important investigation, one of three in the country," he said. Five per cent of local Christmas Seal contributions is earmarked for a statewide fund helping to finance the caseholding study and supporting other vital medical research in tuberculosis, emphysema, and other respiratory diseases. One and one half per cent goes to the National Tuberculosis Association.

Golden Text Given

"God hath spoken once; twice have I heard this; that power belongeth unto God."

This will be the Golden Text of this week's Lesson-Sermon titled, "Is the Universe, Including Man, Evolved by Atomic Force?" to be read in all Christian Science churches this Sunday.

A related passage from the denominational textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy, will be:

"Adhesion, cohesion, and attraction are properties of Mind. They belong to divine Principle, and support the equipoise of that thought-force, which launched the earth in its orbit and said to the proud wave, 'Thus far and no farther.' "

Monthly Meeting

The monthly meeting of the Apartment and Rental Owners Association will be held Friday at 7:30 p.m. in the Training Room at the Title Insurance Building.

Papier Mache Ornaments Spotlight Family Interests

Ornaments and decorations are the magic charms that turn the home into a kaleidoscope of warmth and color for the Christmas season. And a home that sparkles with handmade decorations has a special glow.

Papier mache Christmas decorations, easy to make into any size and shape, can help express personal family interest or tradition. Kleenex dinner napkins are the basic ingredient for a pure white papier mache that retains the true colors of paint in the holiday hues.

Additional supplies needed for an ornament-making session are cardboard, white glue and water (mixed half and half), tempera paints, brushes and colorful cord. Glitter and equins, holiday decals, or bits of colored tissues or foil are optional materials to add individual touches to the ornaments.

First cut a pattern from heavy cardboard. Cookie cutters, pictures traced from magazines, or simply Yuletide shapes of angels, Santa Claus, or wreaths all make good patterns.

Next, tear two-ply napkins into strips or pieces. (Edges blend better when ripped, not cut.) Soak napkin strips in glue and water mixture, then place on both sides of the cardboard pattern. Repeat, building up the papier mache to desired thickness, varying depth for pattern design. Punch a hole in the top of the ornament for the cord.

Dry the ornaments overnight or "bake" in a slow oven.

When ornaments are absolutely dry, brush a design on both sides with tempera paints. Let them dry again. Loop cord through the hole.

Papier mache can be used for traditional, old fashioned ornaments such as stars, candles, or reindeer, or the latest modern geometric shapes. Decorated with decals of Santa or bells, they're as sentimental as Christmas at Grandmothers. Gilded with tinsel or aluminum foil, they're as today as a discotheque.

Glitter, decals, and bits of tissue and foil can be glued on as can sequins, which make perfect eyes, noses and mouths for reindeer and snowmen.

S.D. Builder Wins L.G. P.O. Contract

Selection of the successful bidder for the construction of the new Lemon Grove Post Office was announced Tuesday by Rep. Lionel Van Deerlin D-S.D.

The new facility, to be constructed at 7938 Broadway, will be nearly three times as large as the existing Post Office which is located directly across the street.

Van Deerlin said the winning bid was submitted by Richard W. Johnson, of 3208 Westcliffe Pl., San Diego.

Johnson submitted the lowest of five proposals for the project .The bids were opened Oct. 18.

Johnson will pay the estimated $202,300 cost of the new building and also exercise an option to purchase the lot for the structure for $60,000. The lot is owned by Westgate Corp.

Van Deerlin said the leasing agreement will be sent this week from the Post Office Department in Washington to the Department's regional office in San Francisco.

Johnson will have a year to complete the building from the date the agreement is signed.

In return for his investment, Johnson will receive an annual rental of $23,300 from the Post Office Department for a minimum of 15 years.

The agreement gives the Department five 5-year renewal options after the first 15 years.

The new facility will contain 11,162 square feet of floor space as compared with 4,017 square feet in the existing postal station.

The building will have 1,200 square feet of loading platform and 15,551 square feet of space for parking.

Johnson won the competition for the new Post Office on the second go-round. An initial group of bids called for by the department last May were thrown out on the grounds that none were satisfactory.

Weisgerber To Lead S. Cal. Bands Here

Honor musicians of Junior High School bands of Southern California will give a concert in San Diego Feb. 15 and Lemon Grove Junior High School Bandmaster Harry Weisgerber will conduct it.

The announcement was made Monday night to the board of trustees at the regular board meeting.

Of the approximately 100 musicians who will participate, about 50 will come from Los Angeles. Weisgerber will hold rehearsals for three days prior to the concert at Mission Bay High School auditorium.

Lemon Grove PTA's will aid in housing the out-of-town students.

High schools have presented such concerts in the past, usually in the Los Angeles area, but this is the first one for junior high groups and it was an honor that Weisgerber was chosen to head it, the board noted.

Mrs. Irene O'Connor announced her retirement after serving the district administrative staff for fourteen years. She is district purchasing agent.

Robert Sutton, principal of L.G. Junior High School was granted a sabbatical leave for 1967-68 to pursue a doctoral program at Cal Western. A substitute principal will be chosen at a future board meeting.

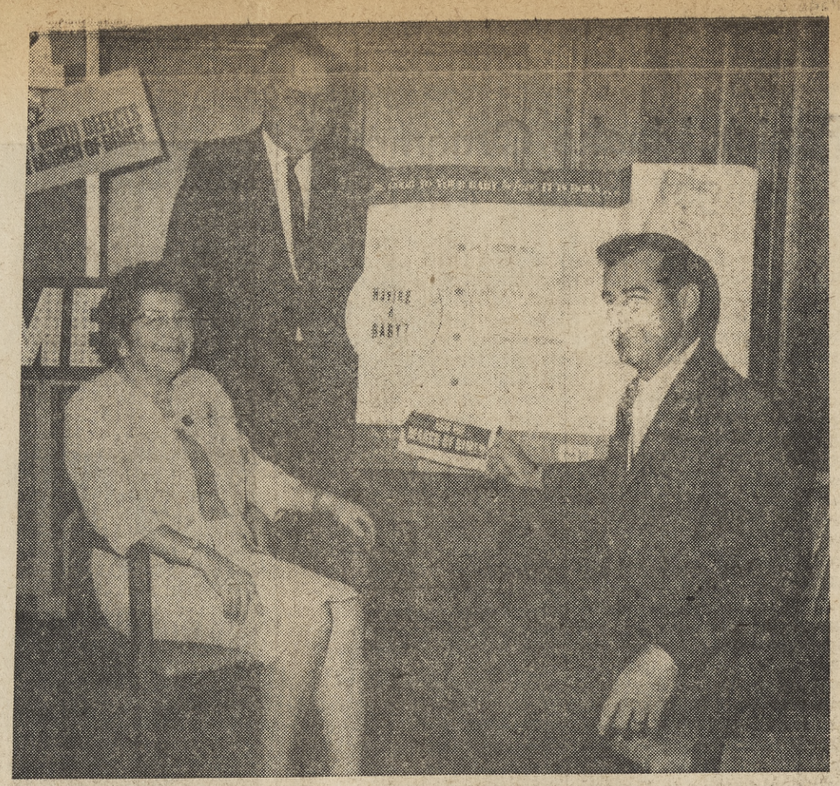
Probation Meted Area Forger

SAN DIEGO (CNA) — Gregory Ervin Fenwick, 20, of El Cajon, who wrote several bad checks in El Cajon and Lemon Grove, was placed on three years' probation Wednesday by Superior Court Judge John A. Hewicker.

Fenwick pleaded guilty and admitted entering the home of an acquaintance of his at 7138 London Ln., Lemon Grove. and taking a book of blank checks. The total amount of the forged checks was $160.

Fenwick said he wrote the checks because he couldn't find a job. The probation report says that he has since found work and has paid total restitution.



MARCH OF DIMES — Mrs. Juliette Turner of 842 Billow Dr. and H. C. Stubbs (standing) of 6800 Mallard St., will serve as co-chairmen of the Lemon Grove campaign of the 1967 March of Dimes drive. County chairman Floyd Morrow (right) made the announcement of the appointments.

'Dimes' Chairman Announced

Mrs. Juliette Turner and H. C. Stubbs have accepted the co-chairmanship of the Lemon Grove campaign for the January 1967 March of Dimes drive, county campaign chairman Floyd Morrow has announced.

Mrs. Turner resides at 842 Billow Dr. Stubbs lives at 6800 Mallard St.

"The March of Dimes deals with a major problem affecting every community," said Mrs. Turner. "More than 250,000 American babies are born each year with birth defects.

"Left untreated, just one of these infants living a normal life span can possibly cost the community as much as $500,000, in addition to the terrible emotional and social consequences."

A few years ago, Stubbs added, little could be done to rehabilitate infants born with severe birth defects. Now, he declared, a relatively small investment can make a useful life possible for many of these children.

"By supporting the March of Dimes we contribute to the conquest of disease in a very personal way and we preserve one of the vanishing outlets for individual creativity and generosity," Stubbs concluded.

LETTERS TO THE EDITOR

Dear Editor,

Since when do we, the American People, allow a mob to dictate what will or will not be, as is being done on the campus at Berkeley?

Those students involved in the "rebellious" outbreaks against law and order should be expelled permanentley, those teachers condoning such conduct should be discharged and the non-student agitators should be fined or imprisoned. If law and order cannot be maintained on this campus, as a taxpayer, I suggest it be closed.

I for one, and I believe I speak for the majority of the people in this State, would like to see some strong steps taken to prevent these outbreaks, and to insure the other students, that they will have the chance to finish their education without the continual interruptions from the self-styled Pacifists, Draft Dodger and Communist type agitators.

Learn Spanish the Easy Way

Hardison's Telespanish

by James Hardison

Christmas time brings to mind the Spanish words and phrases associated with this season. There is "El nino con su jugete." (The boy with his toy.) and "La nina con su muneca." (The girl with her doll.). There are "Los amigos buenos." (Good friends.) and "Muchos regalos." (Many gifts).

There are the songs with words about "Paz en la tierra." (Peace on earth.) while "La guerra sigue." (The war continues.). Resounding words of "Alegria y esperanza." (Happiness and hope.) abound as shoppers hurry from "Tienda a tienda." (Store to store.).

In the streets "Luces de muchos colores." (Lights of many colors.) are seen by all and "Brillan como estrellas." (They shine like stars.). Each year in this dramatic setting the stage is prepared for a big celebration.

Whether we celebrate it in Spanish or English, it will be "Mas completo." (More complete.) and more rewarding if we celebrate it as "El cumplianos de Cristo." (The birthday of Christ.).

Expressions in today's lesson contain some of the above words and phrases. Read them over and pronounce them from the phonetic guide provided. Then dial 276-2762 on your telephone where you may practice saying them with the two minute Spanish record.

Important Expressions:

Correction

An obituary printed in this newspaper Dec. 1 about William Walcott, 58, of 7336 Pearson St., Lemon Grove, was incorrect. It read Walsott instead of Walcott.

The Dimmer View

(Continued)

They hop on their two-wheeler and without any check-out or instruction, they may hit the trail.

Only restriction is that motor driven vehicles of less than fifteen horse-power may not travel the freeways.

Some patrolmen believe that a California Motor Vehicles Department endorsement should be required before the licensee can ride a two-wheeler, A sparate examination would be required for the motorbike license applicant.

Another CHP Safety officer wants to make it mandatory for a cyclist to wear a helmet or hard hat. The greatest resistance to this is the storage problem. Where does a cyclist put his helmet when he stops?

The officer would require cycle manufacturers to install helmet racks on bikes. A splendid idea. We wonder why some engineering genius hadn't thought of that before.

Any way you look at it, safer motorbiking is on the way. CHP, in its quest for safety, even sends officers out to sea to ride the returning warships and give safety education programs all the way back.

"You'd be surprised how many men carry motorbikes with them aboard ship," a CHP spokesman said. "Motorbikes provide economical transportation when sailors are in foreign lands. But as they return to the hectic traffic conditions in the United States, they need mental conditioning."

If there is any doubt as to the popularity of bikes, let's look at these figures for California alone.

In 1961, there were 87,386 motorbikes in the state. In 1964 there were 210,056. In 1965 there were 268,185.

The 1966 totals aren't in yet but the increase in this year is simply fantastic.

Let's Make It Academic 'Integrity'

One of the most sensible statements uttered by our top lawmakers recently came the other day when Gov. Reagan said students should pack up and go home if they did not want to abide by the college's rules.

If he implements these thoughts with action when he is seated early next month, he will have the backing of nearly every thoughtful Californian.

We hope this attitude has given hope to our local college trustees. We know that some of the five have been thoroughly frustrated by the type of leadership stemming from Berkeley.

One trustee Robert Dydren, has been harrassed by agitators, most of whom were students.

Last year the student body brought a known communist onto campus and there was an outcry among the citizenry. This anguish was put down when some student body sychophants yelled about "academic freedom."

That phrase is taking on the coloration of defense many wrongdoers use when they holler about their Constitutional Rights and "take the Fifth."

How much more appropriate it would be if they were to yell "academic integrity" and proceed to kick the communists and nazis troublemakers off public property.

This matter comes to a head now because there is agitation to bring a person to the Grossmont campus who is known to have consorted with communistic organizations.

This follows the ruckus raised earlier this year when George Lincoln Rockwell, the American nazi, wanted to come to Grossmont College.

The rebellion reached its climax at a meeting of trustees when students gathered about the meeting building. As each member appoached the building, his name was announced, and the students then stood "bathed in silence" with heads bowed. An eerie and unusual display of resistance and resentment.

Agitation, some trustees claim, comes from a small group which generally gets the others feeling that they are losing their "rights" at college.

"If kids had to dig into their own pocket to pay for the cost of their education instead of the burden being shared by all the taxpayers, some of this foolishness would stop," a trustee declared recently.

It is a certainty that young adults should know about communism and nazism but the first one who yells "how else are we going to learn" other than by unrestrictedly inviting and honoring these creeps should have their ears boxed.

The point of all of this is not to rehash what most aware citizens know. What they might not know is that their trustees need help. They need letters from responsible citizens who want these activities brought under strict academic control.

As every citizen knows, who has served in a capacity of authority, it is mighty lonely up there.

If any reader has strong and lucid opinions on this matter, it would serve the Grossmont College District well if such opinions were made known to the trustees.

Area Nears Quota In U.C.S. Drive

With the final clean-up now in progress for the 1966 United Crusade, Lemon Grove and Spring Valley have a good chance of making quota with 92.8 per cent recorded Monday.

Chairman Alex Woods is pointing with pride to the business division of the campaign headed by James Unroe, E. A. Gross and Robert Dryden where $2,604.36 has been raised on a $2,600 quota.

Public Service division with chairman Byron Netzley has a 94 per cent of quota with $2,118.50 collected on the $2,250 assignment. Outstanding in this division is the all-time first donation from the Lemon Grove Fire Department.

Success for the Lemon Grove-Spring Valley United Crusade is dependent upon minute returns from the professional division now at 81.6 per cent of quota, James Dorman, chairman; and the residential group headed by chairman Woods with a 74 per cent mark.

In a final statement to the public this week, Woods said: "In 1965 United Community Services returned $54,300 to residents of Lemon Grove-Spring Valley in agency services. This is 88.7 per cent of the $6,700 quota asked from the area. With this bargain offered to us, the least we can do is raise our small quota."

Residents and professional people wishing to contribute to the United Crusade can send their donations or stop by the Lemon Grove branch Bank of America.

The Bare Facts

Maxine LaVerne Cooper, a 17 year old student, residing at 40405 Violet St., Vista La Mesa, was victimized Friday evening, sometime after 10:30 p.m. by a burglarer. The unlocked garage, adjacent to the occupied house, apparently sheltered many items of use, to a homeowner; however, the garage was also the resting place for a $10 dollar teddy bear.

The loss is estimated at $10 dollars . . . one teddy bear is missing.

Chargers End '66 Campaign

The San Diego Chargers bid goodbye to 1966 and so long forever to old Balboa Stadium when they engage the Kansas City Chiefs Sunday at 1:30.

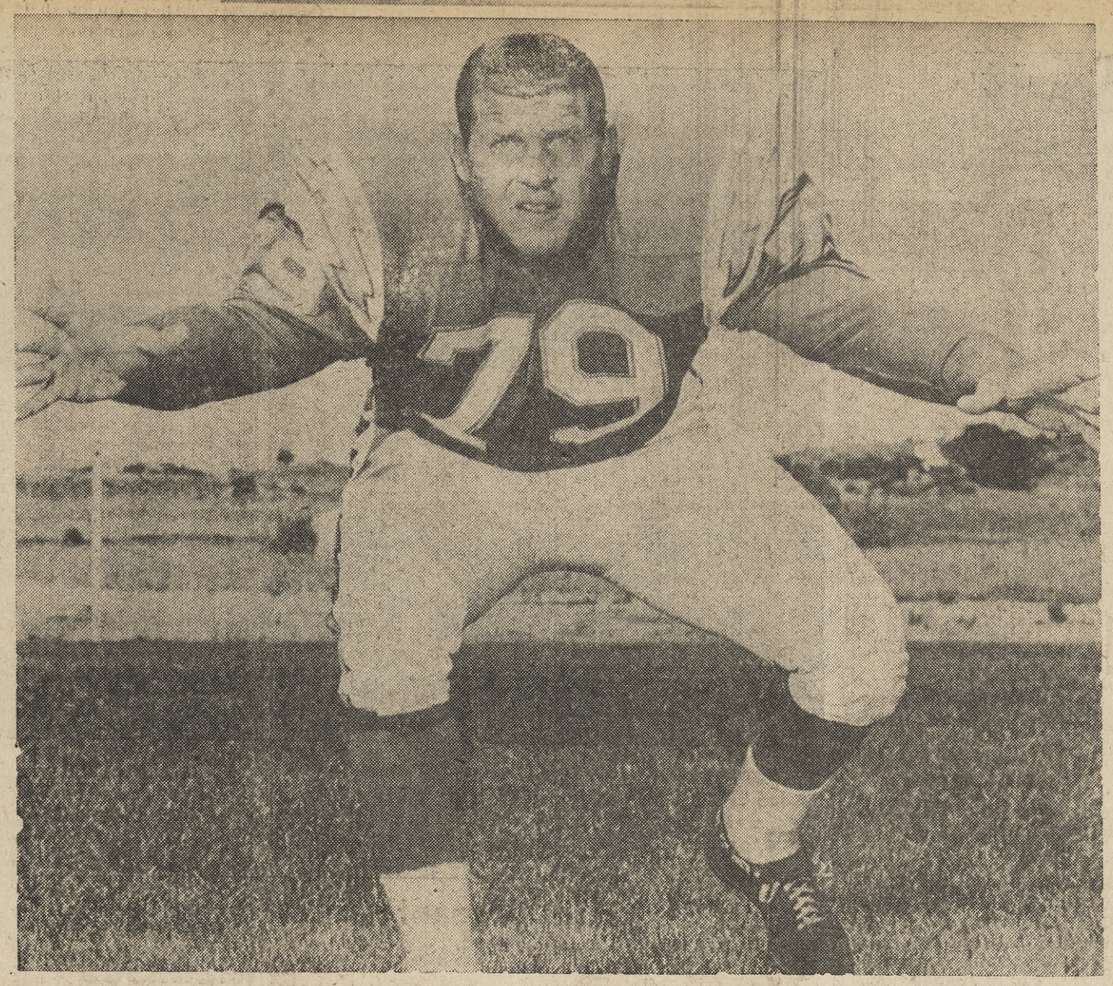
Next season the Chargers will play in the new 27 million dollar San Diego Stadium which will seat more than 50,000 and have parking for more than 15,000 cars. The stadium rising in Mission Valley is 40 per cent completed.

Since Balboa Stadium was the scene of many memorable Charger triumphs it would be fitting to depart victoriously—so believe the Chargers. Kansas City, however, is short on sentiment and long on success.

New Western Division champions, the powerhouse Chiefs (10-2-1) of coach Hank Stram have gone undefeated through their last seven games with six wins and a tie. Included was a 24-14 decision over the Chargers in Kansas City.

San Diego (7-5-1) sports a more modest win streak of two and has beaten every team in the league but Kansas City. A win Sunday would boost the Chargers into a second place tie with Oakland (8-5-1), which concluded its season last week.

The U. S. exported the production of 80 million acres, or $6.7 billion worth of agricultural products in fiscal 1966.



SEASON ENDS — George Gross (79) and his Charger teammates will end their 1966 American Football League Sunday when they take on the powerful Kansas City Chiefs in Balboa Stadium at 1:30 p.m. Gross, a product of Auburn University, will start at left defensive tackle for coach Sid Gillman's crew.

Bill Nary of Bonita Country Club has been named Golfer-of-the-Year for San Diego County's 1966 PGA season.

Genetics Course to be Offered at Grossmont JC

Grossmont College will offer a new course, "Introduction to Human Heredity," during the Spring Semester beginning Feb. 6, 1967.

"Introduction to Human Heredity," a general education course, will be offered from 7-10 p.m. on Tuesday evenings to accommodate people who cannot attend a daytime class. There are no prerequisities for the 3-unit course and it is transferable to San Diego State College.

The course will deal with topics of interest to the community including the effects of radiation on genetics, the role of genetics in mental retardation and common diseases as well as those in social and personal considerations.

Dr. Edward L. Krehbiel, who designed and will teach the course said, "Students will be encouraged to introduce questions and problems for class discussion and every attempt will be made to explain and answer such questions. The course is not a rigorous type dealing in specific genetics but is rather an open seminar designed for the layman and only two paperback books, both available in the college bookstore, are required for course study."

Dr. Krehbiel received his doctorate in human genetics from the University of Minnesota. He was associated for three years with the Dight Institute for Human Genetics, recognized as the foremost human genetic counseling clinic in the nation.

Application for admission to the course must be made in person at the Grossmont College Admissions Office.

Per capita food consumption in the U. S. this year is averaging nearly one percent more than in 1965 despite increases in retail food prices.

Casper to Defend SD Open Golf Title

Bill Casper Jr., the PGA's all-everything for 1966, has indicated he will defend his San Diego PGA Open title, Jan. 12-15, at Stardust Country Club, tournament director Sid Lind has announced. The '67 Open launches the pro tour, for the first time.

SAUCY HOLIDAY TOUCH

Sauces give a crowning touch that makes your holiday desserts extra special, yet they require only a few additional minutes to prepare.

For example, serve a hot lemon butter sauce over warm slices of date pudding or other similar holiday dessert. The tangy flavor of the sauce nicely complements the sweetness of the pudding.

A sauce to serve either hot or cold is a traditional hard sauce wth a lemony flavor. It's delicious on fruit cake or steamed pudding.

Both sauces are prepared from convenient bottled lemon juice . . . a great kitchen aid to have in your refrigerator during the busy Christmas season.

You can serve holiday sauces over many other dishes too. Have you ever tried pancakes topped with a hard sauce? It's a particularly delightful combination for breakfast or brunch Or serve hard sauce on mince or apple pie. Lemon Butter Sauce might also be spooned over cake or ice cream.

Lemon Butter Sauce

½ cup ReaLemon bottled lemon juice
2 cups sugar
¾ cup butter or margarine
4 eggs

Combine bottled lemon juice, sugar and butter or margarine in a sauce pan; cook over low heat until butter is melted and sugar is dissolved. Remove from heat. Beat eggs until thick and lemon colored; blend into lemon mixture. Return to heat and cook, stirring constantly, until mixture coats a spoon. Serve warm, over holiday pudding, ice cream or cage. Yield: 3 cups.

Lemon Hard Sauce

½ cup butter or margarine
2 tablespoons ReaLemon bottled lemon juice
2½ cups confectioner's sugar, sifted

Cream softened butter or margarine; add lemon juice gradually and continue creaming until blended thoroughly. Add sifted sugar; stir until blended. Chill and serve. Serve over steamed puddings, fruitcake, pancakes or hot apple pie. Yield: 2½ cups.

GIRL SCOUT CHATTER by Mary D. Giacinto

Girl Scout Troop no. 4 and its leader Sibyl Carlson recently returned from a weepy week-end at Tapawingo in Cuyamaca. Detailed plans had been carefully made toward working on their nature badge. Inclement weather, however, turned their interests to cooking and indoor games. Since more time was given to food preparation. the meals were delicious.

Indoors, safe and snug from the rain, the girls sang crazy songs, sad songs, merry songs and ended their first day there by playing games.

Their Saturday highlight was a dance party. Everyone brought their favorite record for the occassion, and needless to say, the outdoor dampness had absolutely no effect on their fun-filled evening.

Sunday morning, during the rain let-up, the girls took a hike and planned their Scout's Own. Impressively they walked to the Fire-ring and climaxed the event with a reading of "God's Five Gifts", a truly inspirational poem.

Gloria Shepard, a San Diego girl scout, was a guest. She also contributed to the entertainment by teaching Indian dances and songs.

Mrs. Carlson was assisted by Bea Salnaker, Charlene Viereck, committee chairman, Mrs. Vera Shepard and by Lesley Carlson and Jill Dahl, troop no. 661 cadets.

'Holiday on Ice' Is Arthritis Benefit

Mrs. Charles Coover has been appointed La Mesa Chairwoman of Christmas Day "Holiday On Ice" Arthritis Clinic Benefit.

Mrs. Coover represents the Arthritis Foundation as a member of the National Health Agencies Committee of the Combined Federal Campaign currently being conducted on local Federal establishments in San Diego County.

Mrs. Coover said, "Many families will like to end the Christmas Day festivities with the "Holiday On Ice" extravaganza. It should appeal to families as a family function because of the 6 p.m. performance schedule this one day. Those who find themselves with other commitments may wish to purchase tickets to be provided to lonely servicemen away from home on Christmas Day." She further stated, "Tickets will be sold for Box Office prices enabling those who wish to support the Arthritis Clinic Program of the San Diego Arthritis Foundation Chapter to do so at no increase in price."

The San Diego Area Chapter provides an Arthritis Clinic at the University Hospital (formerly County Hospital) for Arthritis patients residing in San Diego County and Imperial County. The clinic presently meets on the first and third Thursday of each month. Funds from the Christmas Sunday 6 p.m. performance of "Holiday On Ice" at the new Sports Arena on Frontier St. will be used to provide more care for more patients and to train medical personnel in the care and treatment of Arthritis.

This is the Christmas Season when we express Joy in Him by our giving to others as a reminder that He gave Himself.
Many celebrants become overstimulated in giving because of the decorated shops and attractive advertising.
And some lose sight of the meaning of Christmas giving by the overwhelming offerings of merchants.
Here, at Red's Western Auto, we pause a moment each morning and each evening and offer a silent prayer of adoration.
It is our wish that others — both shops and shoppers — would join with us in this Holy privilege.
Then, when this delightful duty is performed and shopping is commenced again, we hope that your footsteps may be led to Red's Western Auto at 7771 Broadway in Lemon Grove, where we are competitive on 95% of all Christmas items. We don't carry the other 5%
